

BIG SPACES

WE MAKE DESTINATION

CIÒ CHE RENDE GRANDE UNO SPAZIO NON È LA
SUA AMPIEZZA MISURATA IN METRI QUADRI,
MA LE IDEE CHE LO VALORIZZANO, LE PERSONE
CHE LO VIVONO.

Santiago Calatrava

An aerial photograph of a city, likely Los Angeles, with a large architectural rendering overlaid. The rendering shows a long, low-rise building with a textured facade, surrounded by trees and a street. In the background, there are more city buildings and mountains under a clear sky. The text 'WE MAKE DESTINATIONS' is overlaid in large, white, sans-serif font across the top half of the image.
